

Service Pricing Notice – Effective May 1, 2025

We hope this message finds you well!

We're reaching out to inform you of adjustments to our service pricing, effective May 1, 2025. After careful review, these changes are necessary to ensure we can continue providing the high-quality services you've come to expect from Infinia Dental Lab.

Why Are Prices Changing?

We understand pricing updates can raise questions, so we want to be transparent about the reasons behind these changes.

01

Rising Equipment Costs:

Maintenance and repairs of specialized chairside equipment have significantly increased, making upkeep more expensive.

02

Skilled Chairside Technician Shortage:

Industry-wide, there is a shortage of skilled chairside technicians, leading to higher labor costs to attract and retain qualified professionals.

03

Enhanced Custom Shade Taking Service:

Over the past four years, we have refined our shade matching process into a highly accurate and patient-centered consultation based on the eLab protocol. This evolution ensures optimal esthetic outcomes and patient satisfaction. Additionally, the digital photos and assets created during this process are available for your practice's marketing and case presentations, adding further value to each collaboration.

We have made every effort to minimize these adjustments. Our goal remains unchanged: providing you with exceptional service and support.

Our Commitment & Appreciation

Your trust is incredibly important to us. The decision to adjust our pricing was carefully considered, focusing on:

- Ensuring our equipment remains reliable, avoiding disruptions during your procedures.
- Continuing to attract and retain highly skilled technicians to support your practice.

We sincerely appreciate your continued support and loyalty. By proactively addressing these industry challenges now, we're ensuring we can serve your practice even better in the future.

Thank you for your understanding and for being a valued part of the Infinita Dental Lab family. We look forward to continuing to support your practice with excellence for many years to come.

Warm regards,
The Infinita Dental Lab Team
